設計 & 覺察

Design & Me

專業背景為工業設計，跨足視覺與品牌規劃。
 喜歡嘗試一切生活的可能，從生活中的細膩體驗，增進視野與探索自己。

設計對我來說除了生活感知的體現；更是一種看世界的視角，在跨足不同領域時，建立更彈性的思辨能力並獨立思考。

Patrick's love for design started with Industrial Design, and have since transformed into Graphic Design and Branding.
 Enjoy exploring the possibilities in life by learning and expanding self thru experiences.

Design isn't just the way he looks at the world, but also the way he expresses himself. The design perspective help shape Patrick's ability to think independently and work with flexibility when transcend into different industries.
